

# Green Grants

**Are you passionate about making your community a better place?  
Do you feel your community could be enhanced with the planting  
of trees, wildflowers or other plants?**

**If so, we want to hear from you!**

**We're giving 5  
communities in North  
East Derbyshire the  
opportunity to  
enhance their local  
spaces through our  
'Green Grants'.**

**If you are  
interested and  
have ideas for  
how your  
community can  
benefit, we want  
to hear from  
you!**

**Communities will  
have the chance to  
spend up to £1,000  
on initiatives to  
improve the look and  
feel of their local  
area.**

**Visit our website to tell us about your ideas!**

**[www.rykneldhomes.org.uk](http://www.rykneldhomes.org.uk)**

**The ideas will be judged by a panel of Rykneld Homes customers and  
our Community Involvement Team will then turn your ideas to reality!**

**The closing date for submissions is 31 December.**

Submissions can be made by individuals, on behalf of local  
community groups, or by informal groups of local families or friends.  
We're looking forward to working together to enhance  
our local neighbourhoods!
